Canon

The easy way to superb colour documents.

Bringing colour into your office has never been simpler or more cost effective. Canon's multifunctional imageRUNNER C1028i/iF is surprisingly powerful for such an affordable compact device, boasting speedy high quality A4 prints, a sizeable operation panel and the latest in document security.

High quality colour

Print your documents in colour with the imageRUNNER C1028i/iF and they're sure to grab everyone's attention. An impressive print resolution of 2,400 dpi x 600 dpi, allows your proposals to stand out, your reports to get noticed, and your document communication to achieve that crucial competitive edge.

Highly productive

Print, copy, scan, send or fax – it's quick and simple with the multifunctional imageRUNNER C1028i/iF. Ensure productive processing, even when multi-tasking with support for PostScript. A sturdy document feeder, plus a potential paper supply of 850 sheets, ensures sizeable print runs can be comfortably accommodated.

The iSend facility enables the imageRUNNER C1028i/iF to be a great communicating aid – instantly sending files to e-mail addresses, desktop, ftp server and file locations.

Easy-Scroll Wheel allows effortless access to all functions

Auto Colour Sensing Technology

Ever so easy

A large 3.5 inch colour display with an Easy-Scroll Wheel allows effortless access to all functions. Intuitive, illustrated set-up and troubleshooting wizards, show you how to use the device, ensuring smooth and hassle free operation at all times.

Size matters

You might be surprised to find such heavyweight performance from such a compact device, measuring just 546mm x 527mm x 632mm (w x d x h). Our innovative Compact PDF function delivers powerful results too, reducing files to 1/20th of their original size, for quicker distribution, with minimal impact on quality.

Efficient control, effective security

The imageRUNNER C1028i/iF incorporates Canon's Auto Colour Sensing technology which intelligently detects which pages within a document contain colour. This helps to keep your costs down as you only pay for colour when you use it. There's no need to concern yourself with constant device monitoring, as eMaintenance automatically reports any problems to the appropriate provider of service and maintenance, for speedy resolution.**

Configure the imageRUNNER C1028i/iF with Canon's embedded uniFLOW client technology for a host of extra features, such as Desktop Accounting, which allows you to track usage and associated costs, and Secure Printing, which stores print jobs at the device until the user correctly identifies themselves via the relevant security method e.g. card or password.

Considerate to the environment

Switch on and the imageRUNNER C1028i/iF is ready to go in just 60 seconds. And when not in use, a sleep mode is automatically invoked consuming just 1.2 watts. Plus, you can save paper as well as improving the professionalism of reports, thanks to the device's double sided printing capabilities.

** Service and maintenance is provided by Canon or one of a network of Canon Partners.
